We want to know!

The Defending Vulnerable Populations Project of the Catholic Legal Immigration Network, Inc. seeks to support the immigrant community of Montgomery County, Maryland, working to make the region welcoming for all.

Our targeted outreach effort aims to assist people from Iran, Iraq, Libya, Syria, Somalia, Sudan and Yemen with their immigration cases.

How our project can help:

- Provides legal information, support and advice
- Assists asylees and refugees who do not have an attorney and who are having delays in getting "green cards"
- Helps unrepresented "green card" holders facing delays in becoming naturalized U.S. citizens
- Supplies potential legal representation, especially for those who are in removal proceedings and do not have an attorney

Catholic Legal Immigration Network Inc. (CLINIC) is a nonprofit organization that promotes the dignity and protects the rights of immigrants in partnership with a network of Catholic and community legal immigration programs. Our services are provided to people of all faiths, or none. Learn more at cliniclegal.org.
